Certification Application Package

Applicant Name ORION ELECTRIC CO.,LTD.
Address 41-1 Iehisa-cho, Takefu-shi, Fukui, JAPAN
City, State, Zip Code 915-8555

This TESTING AND CERTIFICATION AGREEMENT ("Agreement") is made effective as of the latter date of execution below, by and between American Telecommunication Certification Body (ATCB) and **ORION ELECTRIC CO.,LTD.** (Applicant), collectively referred to as "the Parties".

Equipment Description

Equipment Description: Part15 TV Interface Device
Model Number: HR-XVC25U
FCC Rule Part(s): Part 15 Subpart B

In consideration of the mutual covenants in this Agreement, ATCB or its subcontractors will perform certification inspection services to determine if Applicant's device(s) identified above under **Equipment Description** (hereinafter "Devices") are in compliance with the laws, regulations and technical standards (hereinafter "Certification Regulations") of the national authorities specified by Applicant in Schedule A.

1. General

1.1 This Agreement is for the purpose of testing and certification and applies to all tests, audits, and certifications for the Devices, and will be performed in accordance with the Certification Regulations of the national authorities specified in Schedule A.

1.2 ATCB retains full discretion to determine if the Devices are compliant with the Certification Regulations of the Countries. In the event that certification is not issued for the aforementioned Devices, ATCB agrees to advise Applicant in writing of the reasons therefor.

1.3 This Agreement may not be assigned to or acquired by any other person, firm, or corporation without ATCB's written authorization.

2. Scope of Performance

2.1 The scope of performance between the Parties shall be agreed to by contract, purchase order or other mutually agreed-upon schedule or order.

2.2 Except as provided in Section 2.3 hereof, testing of all Devices shall take place at ATCB facilities.

2.3 In lieu of section 2.2 above, ATCB may agree to accept test data from any ISO/IEC Guide 25 accredited laboratory or FCC-Listed Laboratory and evaluate the Devices on the basis of this data. ATCB may also choose to accept test data from ISO Guide 25 accredited laboratories owned by Applicant, provided the requirements of 2.3.1. are met.

2.3.1 Employees of Applicant shall not participate in any tests, evaluations, or assessments described in sections 2.2 or 2.3 above without the presence and supervision of an ATCB engineer or technician.

2.4 If requested for sample purposes (as required by the FCC), client shall supply ATCB, at no charge, with at least one test sample of each Device, including the necessary peripherals, connecting cables, accessories or other hardware or software (hereinafter collectively referred to as "support equipment") required for testing, evaluation, and assessment.

2.5 Applicant shall supply ATCB, at no charge, with all technical documentation and materials required for the testing, evaluation, and assessment of such Devices and support equipment.

2.5.1 Technical documentation and materials include, but are not limited to, any relevant operating instructions, schematics, block diagrams, photographs, prior tests and certificates concerning the safety of the Devices, its components or support equipment.

2.6 Applicant recognizes that Device samples, including support equipment, may be damaged or completely destroyed when subjected to ATCB's testing and evaluation process. Applicant shall hold ATCB harmless for any such damage or destruction to its equipment.

2.7 If necessary ATCB shall test, evaluate, or assess Applicant's equipment within 30 business days of ATCB's receipt of such Devices, support equipment and technical documentation, and to work diligently until certification is granted or denied, or Applicant decides to abandon testing, evaluation, and assessment on such Devices.

2.8 Upon completion of testing, evaluation, or assessment, ATCB shall advise Applicant via an abbreviated report whether the results are favorable, and

what, if any, conditions, limitations or qualifications to the requested Certification exist.

2.9 Applicant agrees that a full report is available to Applicant only by special request, and for the separate charge specified.

2.10 Where testing, evaluation, and assessment results in certification, ATCB shall certify Applicant's equipment as compliant with the laws, regulations and/or standards of the Countries within 30 business days from the date testing, evaluation, and assessment is completed.

2.10.1 Section 2.11 may be dependent upon a timely response by the United States Federal Communications Commission (FCC) or its foreign equivalent.

2.10.2 In the event of product certification, Applicant may request that ATCB return or destroy Applicant's Device sample(s), equipment support, and technical documentation. Applicant shall bear all costs associated with the return or destruction of such equipment test sample(s) and support equipment.

2.11 Where testing, evaluation, and assessment does not result in certification, ATCB shall provide cost-free storage for each Device sample, support equipment, and technical documentation for a period not to exceed 30 days, provided Applicant agrees to re-testing within this period when notified of the Device's failure.

2.12 If Applicant does not collect or accept receipt of the Device sample(s), support equipment and technical documentation, despite ATCB having sent notice pursuant to subsection 2.12.1, ATCB reserves the right to dispose of them at Applicant's expense.

2.13 Applicant shall retain all documents forwarded to it by ATCB as required by the Certification Regulations of the Countries.

2.14 Applicant shall notify ATCB immediately of any modifications made or planned in the design or technical construction of a Device, or of any planned or implemented changes in Applicant's approved quality assurance system which may render ATCB's certification inapplicable to a Device produced.

2.14.1 For Device modifications notified to ATCB under section 2.14, ATCB will decide in its good engineering judgment whether additional testing is required in order for the Device, as modified, to be manufactured or sold under the certification originally issued.

2.14.2 If Applicant's Device, as modified, does not comply with the Certification Regulations of the Countries, Applicant shall immediately endeavor to obtain compliance under the same Certification Regulations and shall, concurrently, remove any reference to the original certification indicating ATCB's approval or certification, from its Device, as modified. Applicant also agrees that a new certificate issued for a Device, as modified, must reference a model identifier number distinct from the one used in the certification originally issued by ATCB.

2.14.3 Applicant's failure to comply with section 2.14, or with the Certification Regulations of the Countries, may result in the nullification of its Device's certification. ATCB shall be obliged to notify the Regulatory Agency in the event of non-conformance with section 2.14.

2.15 Under FCC Rules, ATCB may revoke a Grant of Equipment Authorization within 30 days of the initial Certification. Under these conditions, Applicant's certification is revocable for cause, which includes, but is not limited to, the following:

2.15.2 ATCB is directed to revoke certification by the FCC or its foreign equivalent.

2.15.5 Applicant instructs ATCB in writing to revoke certification for a Device.

2.15.3 Applicant fails to comply with Certification Regulations of the Countries, subject to applicable regulations.

2.15.4 Applicant fails to pay any fees required by this Agreement.

2.15.3 Applicant breaches any of the terms, conditions or specifications listed in this Agreement.

3 The Applicant shall: a) keep a record of all complaints made known to the supplier relating to a product's compliance with the requirements of the relevant standard and to make these records available to the certification body when requested; b) take appropriate action with respect to such complaints and any deficiencies found in products or services that affect compliance with the requirements for certification; and c) document the actions taken.

4 For devices for which a Certificate is issued (FCC Certification, e.g.), the Applicant agrees to abide by all the Rules and Regulations associated with the Certification for all series-produced equipment covered thereby. The Applicant agrees to ensure that no certificate or report or any part thereof is used in a misleading manner, furthermore, the Applicant shall make claims regarding certification only in respect of the scope for which certification has been granted.

5. Performance Times and Deadlines

5.1 Any performance times and deadlines agreed to by ATCB shall be construed as estimates.

6. Cooperation

6.1 Applicant shall provide all cooperation required of it, its agents or third parties shall be provided using its best efforts and at no cost to ATCB.

6.2 Applicant shall provide and update Applicant's address, phone and facsimile numbers, as well as emergency contact information, for any situation which may arise after the close of normal business hours. ATCB agrees that such information will be held in confidence.

7. Confidentiality

7.1 ATCB shall not disclose to third parties any proprietary technical or financial information marked by Applicant as confidential without prior written consent, provided that ATCB may disclose any information or data, confidential, proprietary or otherwise, to the FCC or its foreign equivalent.

7.2 Other than disclosure pursuant to Section 7.1 above, ATCB will inform Applicant of all information marked as confidential intended to be disclosed to third parties and will provide Applicant with an opportunity to seek confidential protection of such information.

7.2 Any documents, reports, drawings, test data, etc., made available to, produced at the request of or by ATCB may be copied and retained by ATCB if necessary to the performance of this Agreement or in compliance with the applicable Certification Regulations of the Countries.

8. Invoicing

8.1 Fees shall be paid in full prior to commencing Certification activity.

9. Liability

9.1 Applicant shall hold ATCB harmless and defend and indemnify ATCB against any loss, expense, liability, or damage, including reasonable attorney's fees, arising out of any personal injury or damage to property, or other action arising from Applicant's failure to comply with any United States or foreign laws or regulations, or which may result from the performance, failure of performance, or operation of any equipment tested by ATCB or produced by Applicant in any facility inspected by ATCB.

9.1.1 In no event shall ATCB's liability under this Agreement exceed the cost of its billed services to Applicant.

10. Disputes and Appeals

11.1 This Agreement shall be governed by, construed and enforced in accordance with the laws of the United States and the State of Virginia, without regard to conflict of law principles. The Parties waive trial by jury, and agree to submit to the personal jurisdiction and venue of a court of competent jurisdiction in the State of Virginia, County of Fairfax. In the event litigation results from or arises out of this Agreement, the losing party shall reimburse the prevailing party with reasonable attorney's fees, court costs, and other associated expenses, in addition to any relief to which the prevailing party may be entitled.

11.2 In the case of an appeal regarding a Rule interpretation, the appropriate governing body shall be consulted to resolve or to provide guidance on the issue.

11.3 In the event of an appeal regarding dismissal or denial of an application for Certification, the submitter will have the option of providing written justification for a reversal of a Certification Board decision; this written justification must be provided within 10 business days of the date of the decision. The Certification Board shall review and provide a ruling on this within 10 business days of the date of the request.

**WE AGREE WITH ALL TERMS, CONDITIONS AND SPECIFICATIONS AS STATED IN
THIS AGREEMENT AND ITS SCHEDULES.**

Payment Procedure and Fee Schedule

This PROCEDURE outlines the Fee Schedule for American Telecommunications Certification Body, Inc. (ATCB)

1. General

1.1 Method of Payment

- 1.1.1 Payment of fees may be made by check, bank draft, electronic payment or money order. If paying by check, draft or money order, the remittance must be denominated in US dollars drawn on a US financial institution and made payable to ATCB, Inc.
- 1.1.2 Applicants located in foreign countries should contact their local bank to determine what US financial institution they are affiliated with that will allow a transfer of funds.
- 1.1.3 No postdated, altered or third-party checks will be accepted. No checks will be accepted for processing if older than six (6) months.
- 1.1.4 Payment information is recorded to ensure credit of full payment of monies due, to expedite any refunds due and to service public inquiries.

1.2 Refund Process

- 1.2.1 If no actions have been taken on an application, the applicant may request a refund of the amounts paid.
- 1.2.2 The refund process usually takes four weeks depending upon the complexity of the request. Once the request has been approved, a check will be issued to the applicant.

1.3 Payment Procedure

- 1.3.1 Payment should be mailed to:
American Telecommunications Certification Body, Inc.
6731 Whittier Avenue
Suite C110
McLean, VA 22101

CERTIFICATION FEE SCHEDULE

Part 15 Low Power Intentional and Part 15 Unintentional Emitters (excluding Spread Spectrum Devices):

	\$1000
Spread Spectrum (including MPE Evaluaton):	\$1500
Licensed Devices:	\$2500
Licensed Devices (including MPE):	\$3000

Schedule A Certification Regulations

In accordance with FCC Rules and Regulations for Telecommunications Certification Bodies and ISO Guide 65, ATCB is allowed to certify products according to CFR 47 according to the following schedule:

Unlicensed Radio Frequency Devices

	Scope
A-1	• Low power transmitters operating on frequencies below 1 GHz • Spread spectrum devices that are categorically excluded from routine evaluation of RF exposure hazards (No SAR) • emergency alert systems • unintentional radiators (e.g., personal computers and associated peripheral and TV Interface devices) • consumer ISM devices subject to certification (e.g., microwave ovens, RF lighting and other consumer ISM devices)
A-2	• Low power transmitters operating on frequencies above 1 GHz • Spread spectrum devices that are categorically excluded from routine RF evaluation of RF exposure hazards
A-3	• Unlicensed Personal Communications Devices (Part 24)
A-4	• Unlicensed National Information Infrastructure Devices

Licensed Radio Service Equipment

	Scope
B-1	• Personal Mobile Radio Services in 47 CFR Part 22 (cellular), 24, 25, 26 and 27
B-2	• Personal Mobile Radio Services in 47 CFR Part 22 (cellular), 24, 25, 26 and 27
B-3	• Maritime and aviation radio services in 47 CFR Parts 80 and 87
B-4	• Microwave Radio Services in 47 CFR Parts 21, 74 and 101

Applicant Checklists and Information Sheet

The following items need to be submitted in electronic formation for the certification application. The acceptable formats are: Microsoft Word, Word Perfect, Adobe Acrobat (PDF), JPG, Microsoft Excel and Bit Map. All letters must be signed by an authorized signatory.

Agency Submission Items:

1. ☒ Letter of Agency/Authorization
2. ☒ Operational/Product Description/Technical Description
3. ☒ FCC ID Label Artwork
4. ☒ Label Position and How It Will Be Affixed to the Device
5. ☒ User's Manual
6. ☒ Block Diagram
7. ☒ Schematics
8. ☒ Letter Requesting Confidentiality (if Confidentiality desired)
9. ☐ Modification Letter (if modifications made to unit during testing)
10. ☒ Warning Statements and location

Attachments

1. ☒ Letter of Agency/Authorization – Sample Attached
2. ☒ Label requirements per the FCC Rules and Regulations – Samples Attached
3. ☒ Letter Requesting Confidentiality (when applicable) – Sample Attached
4. ☐ Modification Letter (when applicable) – Sample Attached
5. ☒ Manufacturer's Letter (when applicable) – Sample Attached

All letters to be submitted on APPLICANT letterhead.

To Whom It May Concern:

Please be advised that ORION ELECTRIC CO.,LTD. authorizes A-Pex International Co., Ltd. to act on our behalf, until otherwise notified, for applications submitted to American Telecommunications Certification Body, Inc. (ATCB).

We certify that we are not subject to denial of federal benefits, that includes FCC benefits, pursuant to Section 5301 of the Anti-Drug Abuse ACT of 1988, U.S.C. 862. Further, no party, as defined in 47 CFR 1.2002(b), to the application is subject to denial of federal benefits, that includes FCC benefits.

Thank you for your attention to this matter.
