RE: FCC ID: A7RM2D8C_ATCB001472
Attention: Mayuki Tanaka

I have a few comments on this Application. Please note that further comments may arise in response to answers provided to the questions below.

1. Please note that the plot on page 61 of the report is not readable. Please provide a data plot that can easily be read.
2. Please explain how the device meets the requirements of 15.115(b) "Output Signal Limits". I do not see how the device is modulated as per requirements of ANSI C63.4 H5 (i.e. how does it meet ANSI C63.4 12.2.5 Output and spurious conducted level measurements as setup by that of appendix H5. Please show explain.)

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information may result in application termination. Correspondence should be considered part of the permanent submission and may be viewed from the Internet after a Grant of Equipment Authorization is issued.

Please do not respond to this correspondence using the email reply button. In order for your response to be processed expeditiously, you must submit your documents through the AmericanTCB.com website. Also, please note that partial responses increase processing time and should not be submitted.

Any questions about the content of this correspondence should be directed to the sender.
