# AIRBEAT-30

TAKE YOUR MUSIC FURTHER

## Nice to meet you!

### Airbeat-30-The festival of light & music.

Divoom Airbeat-30 is an ultra portable wireless Bluetooth speaker with the built-in microphone. Both its rugged design and brilliantly sounded speaker are professionally crafted by our engineers, and we add the spice into the recipe with the hipster styling and aura lightings.

### What's included?

- Airbeat-30
- User manual
- Micro USB charging cable
- Convenient hanger

Thank you for purchasing a Divoom product! Please read this manual carefully. You can also visit [divoom.com](http://divoom.com) to learn more about our other products!

Due to the nature of the technology product, the instructions on this manual are subject to change without prior notice. If you have any questions, please feel free to contact the Divoom customer support.

Hold: Next track

## How to connect in Bluetooth?

1. Power on the speaker, and the LED ring will flash blue colors.
2. In the phone's Settings, please turn on the Bluetooth.
3. Search and connect with the 'Divoom Airbeat-30'.
4. Once paired, you can start to play music.

### Pair two Divoom Airbeat-30 with TwS double up pairing:

**When you have two Divoom Airbeat-30, and you want to pair them together to play the same music in a stereo mode; please follow these steps:**

1. Power on both Divoom Airbeat-30 together.
  - Do not connect either of them to the mobile phone.
  - If it's automatically connected with the mobile phone, please disconnect the connected speaker in mobile phone's 'Settings'.
2. Press the 'TwS pairing' button on both Airbeat-30, and LED will flash rapidly. Both Airbeat-30 would be paired automatically within a short period.
  - Please make sure that the two speaker are within a close range (do not exceed the sufficient Bluetooth range).
3. Search and connect the Airbeat-30 on the mobile device.
4. After the pairing, both Airbeat-30 will play the music in a stereo mode. When you want to break the pair, please press the 'TwS pairing' button, or power off one of the units.

## More set up information

### How to change the lighting effects?

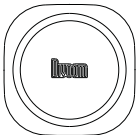

Press the lighting button to switch different lighting effects.  
You can hold the lighting button to adjust the brightness of the LED ring.

### Lighting information

Blue (slow flash): Waiting for Bluetooth pairing

Blue (rapid flash): Waiting for TwS stereo pairing

Red (slow flash): Low battery mode, please charge the speaker

### How to make call with hands-free mode?

- Press the play button to pick up an incoming call, and press the play button to end call.
- Hold the play button to reject the incoming call.

### How to charge the speaker?

- Please open the USB port protective flap, then insert the Micro USB cable into the speaker. We recommend using the 5V-1A or higher USB charger for this speaker.
- When Airbeat-30 is ON or charging, press the power button to check the battery level on LED ring.
- With 100% battery level, Airbeat-30 can provide up to 6 hours playtime at moderate volume with both audio and light; or up to 10 hours playtime at moderate volume with sound only.

# Product specification

Dimension (mm):	77.5L x 77.5W x 48H	Playback time:	up to 6 hrs
Weight:	175g	Battery capacity:	1000mAh
Speaker size:	52mm	Battery voltage:	3.7V
Output power:	4W	Battery charge time:	3hrs
Frequency response:	180-20KHz	Charge:	via USB cable, 5V-1A
Signal-to-noise ratio:	≥75dB	Wireless range:	up to 10 meters/33 feet
		Bluetooth compliant:	Bluetooth V5.0

## Safety guide

### Please read the following instructions careful:

- Please follow our product installation and operation instructions.
- Always place the speaker on a smooth and stable surface.
- Please place the speaker on an open area for the best sound quality. Do not block the surroundings of the speaker.
- Do not push any objects into speaker vents or slots. Do not apply any great force on the speaker.
- Please keep the speaker in a room temperature environment. Do not place the speaker near any heat sources (such as radiators, heat registers, stoves, fire place, or direct sunlight).  
Do not place the speaker near any open flame source.
- Do not attempt to service the speaker by yourself. Always refer to the instructions by qualified service personnel.
- To avoid the risk of electrical hazard, do not expose this speaker to wet surface.

## Declaration of conformity and CE mark

The waste container symbol with the X through it on the device indicates that the device must be disposed of separately from normal domestic waste at an appropriate waste disposal facility at the end of its useful service life.

## Limited Warranty

1. If within 12 months of purchase this device or any part thereof is proven to be defective by reason of faulty workmanship or defects in materials, we will at our option repair or replace the same free of charge of labor or materials on condition that.

2. The original invoice or sales receipt with the date of purchase, or stamp from the dealer is presented together with the defective unit.
3. The warranty does not cover product failures which have been caused by use of accessories other peripheral devices which are not DIVOOM branded original accessories intended for use with the product.
4. The warranty does not cover product failures caused by:
  - Modification, repaired, and disassembled by any person who is not authorized by the manufacturer.
  - Any defective unit or part shall become property of the manufacturer.
  - The warranty does not cover any damage caused by misuse, drop, hit or neglect.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

**NOTE:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. Consult the dealer or an experienced radio/TV technician for help

## **DECLARATION OF CONFORMITY:**

☞ Hereby, Shenzhen Divoom Technology Co., LTD declares that this (Airbeat-30) is in compliance with the essential requirements and other relevant provisions of Directive 2014/53/EU. A copy of the Declaration of conformity can be found at Shenzhen Divoom Technology Co., LTD.
