---

## Connection

### Listen to your Bluetooth-enabled music player:

1. Turn on the Airbeat-20, and the Bluetooth indicator will blink rapidly
2. Go to Settings/Bluetooth and pair with the 'Airbeat-20'
3. Once connected, start to play music
4. Click the "Bluetooth pairing" button to pause/play your music, and press the 'Prv. Track' and 'Next Track' to change songs

### When there is an incoming call:

Press Bluetooth button to pick up the call  
Hold Bluetooth button to hang up the call

### Switching between paired devices:

Switch between your current connected devices to your previous connected device by following these steps

Action: Long press "Bluetooth Pairing" button

Indicators: LED blinks and stay lit in Blue

Status: Pair the speaker on your other mobile device.

---

### Listen to your non-Bluetooth-enabled audio device

Insert one end of 3.5mm audio connector into the "Aux in" port on the Airbeat-20. Insert the other end of audio connector to your audio device. Turn on your audio device and start the music playing.

### How to charge the speaker?

Standard USB rechargeable jack compatible to all PC USB ports and AC adaptors

---

## How to charge your mobile device with the speaker?

Connect the USB Type-A connector (flat type) into the speaker's rear panel, then connect the other connector to your mobile device.

## Features

1. Powerful stereo speaker with 8 watts of audio power
2. Stylish design for the generation of hipster and youth
3. Built-in speakerphone makes it easy to take and make calls hands free or in a group
4. Rechargeable lithium-ion battery provides up to 6 hours of non-stop music

## Specification

## Declaration of conformity and CE mark

This device meets the requirements of the following EC directive R&TTE 1999/5/EG:

**CE** Directive 1999/5/EC of the European Parliament and of the Council of 9 March 1999 on radio equipment and telecommunications terminal equipment and the mutual recognition of their conformity

 The waste container symbol with the X through it on the device indicates that the device must be disposed of separately from normal domestic waste at an appropriate waste disposal facility at the end of its useful service life

## Limited Warranty

1. If within 12 months of purchase this device or any part thereof is proven to be defective by reason of faulty workmanship or defects in materials, we will at our option repair or replace the same free of charge of labor or materials on condition that:
2. The original invoice or sales receipt with the date of purchase, or stamp from the dealer is presented together with the defective unit.
3. The warranty does not cover product failures which have been caused by use of accessories other peripheral devices which are not DIVOOM branded original accessories intended for use with the product.
4. The warranty does not cover product failures caused by:  
Modification, repaired, and disassembled by any person who is not authorized by the manufacturer.  
Any defective unit or part shall become property of the manufacturer.  
The warranty does not cover any damage caused by misuse, drop, hit or neglect.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential

---

installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. Consult the dealer or an experienced radio/TV technician for help

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE 1: Any changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
