Re: Request for Long-Term Confidential Treatment for Equipment Authorization Under FCC ID No. A8Y-1496,

To Whom It May Concern:

Pursuant to the provisions of Sections 0.457 and 0.459 of the Commission's rules (47 CFR §§ 0.457, 0.459), Gluteen LLC and its affiliated companies ("Gluteen") hereby request that the application for equipment authorization under FCC ID No. A8Y-1496 and the exhibits listed below be withheld from public disclosure indefinitely:

- Schematics;
- Block Diagram; and
- Wifi RF Operation Description (collectively, "Confidential Materials").

Gluteen requests confidential treatment indefinitely for equipment authorization under FCC ID No. A8Y-1496. Confidential Materials identified above have been separated from the non-confidential portions of the application, and they contain highly confidential and proprietary information, including circuit diagrams and other key product and technical details normally kept confidential by Gluteen. Such information is used in designing and manufacturing radio communications equipment used by consumers in commercial mobile radio services equipment. This is a highly competitive field. Competitors would: (i) gain unfair insight into Gluteen's product development and manufacturing processes; (ii) have an advantage that would not be available to Gluteen; and profit from the work of Gluteen's R&D efforts. Gluteen keeps the Confidential Materials confidential and has only disclosed such information to those required to maintain its confidentiality – Gluteen has not publicly disclosed the Confidential Materials.

Gluteen is seeking indefinite confidential treatment because the Confidential Materials are not customarily disclosed to the public even after commercial release of the product. The disclosure of the Confidential Materials, including design and technical information, will give competitors insight into Gluteen's proprietary processes and techniques. Therefore, it is important that the Confidential Materials not be made available to unauthorized persons so as not to provide such persons an unfair market advantage.

Respectfully,

Andrea Tinianow
President, Gluteen LLC
