Please read and follow this Quick Start Guide and the Important Safety Information and keep for future

On your mobile device, turn on *Bluetooth*. Select **Bose OE SoundLink** in your mobile device's Bluetooth list. You will hear, "Connected to <device name>" or you will see the Bluetooth indicator glow

Note: Visit owners.Bose.com/SoundLinkOE to see how-to videos (English only), or refer to your mobile device's owner's guide to learn how it pairs/connects.

### To change the voice prompt language O

With the headphones on your head, press and hold ● and + together for five seconds. Press the volume buttons to move through the list of available languages: English, Spanish, French, German, Mandarin, Japanese, Italian, Portuguese, Dutch, Russian, and Polish. When you hear the language you want, press and hold ● ● •.

### Headphone controls ©

Press once to play/pause or answer/end a call. Double press to track forward.
Triple press to track back. Press and hold to ignore an incoming call. Press and hold to activate voice dial (Siri).

### To add another device

Repeat Step 1 and Step 2 above for each new device.

The headphones can store eight devices in memory. When powered on, the headphones will automatically connect to the first two devices in memory, for example a tablet for audio, and a phone for calls.

### Managing devices

Slide up and release the Power/Bluetooth button (b) to move through the list of devices in memory.

Repeat until you hear the device you want to control.

Note: If a device is not present, move to the next device

### Indicators (3)

Blue blinking: Ready to pair White blinking: Connecting White solid: Connected

Green: Full charge Amber: Medium charge Red blinking: Charge needed

Plug the small end of the USB cable into the micro-USB connector on the right earcup. Plug the other end into a USB wall charger or computer that is on.

Note: The headphones will not play while charging.

### Using the back-up audio cable A

Use the supplied back-up audio cable to connect a non-wireless device or if the headphones battery is depleted.

Please refer to the Owner's Guide, available online, for more information about your headphones, including advanced functions, additional troubleshooting suggestions, and information on accessories and replacement parts. To request a printed copy of the complete Owner's Guide, please refer to the contact information on this sheet for phone numbers for your

> Poor sound quality • Move the mobile device

closer to the headphones,

• Try pairing another mobile

**Technical Information**
