**Request for Confidentiality**

Gentlemen:

In accordance with 0,459 of CFR 47, NEC America hereby requests confidentiality of the Block Diagrams, Circuit Diagrams, Circuit Descriptions, Parts List and Tune Up Procedure attachments for the subject application.

Those documents contain detailed system and equipment description and related information about the product which NEC America considers to be proprietary, confidential, and a custom design and , otherwise, would not release to the general public. Since this design is a basis from which future technological products will evolve, NEC America considers that this information would be of benefit to its competitors, and that the disclosure of the information in these documents would give competitors an unfair advantage in the market.

Sincerely,

A handwritten signature in black ink, appearing to read "Robert J. Miklosko".
