## 2.4 GHz Cordless Phone

WITH  
**Call Waiting  
Caller ID\***

### 2.4 GHz Hybrid Cordless Technology

Advanced technology provides enhanced clarity  
and superior reception.

### Call Waiting Caller ID\*

Stores and displays up to 50 Caller ID records,  
including names, telephone numbers, dates  
and times.

### Low Cost Routing

Save money on long distance calls! Intelligently  
selects a low cost carrier each time you dial.  
No programming, no sign-up or activation fees,  
no monthly minimum, and no  
long-term contracts.

Headset Jack

Scroll (Caller ID & Autodial)

### Data Port for PC Connection

Allows quick connection of portable  
computers, fax machines, or e-mail  
devices to a phone line. Just plug into  
the base.

### Headset Jack/ Belt Clip Included

Talk handsfree by connecting any  
headset with a standard 2.5mm plug.

### New Calls Indicator

Display on handset shows a New Call  
icon and indicates the number of new  
Caller ID records. Light on base  
indicates a new Caller ID arrival.

### Wall Mountable with Reversible Handset Charging

Allows viewing of Caller ID information  
even if unit is wall mounted.

### Display & Dial of Caller ID or Autodial

Display names and numbers stored in Caller ID or  
Autodial memory and dial with the press of a button.

### Large 3-Line Display on Handset

LCD shows name, number, date, and time of each  
Caller ID record.

### 20 Name & Number Autodial

Stores twenty names and telephone numbers for  
quick dialing.

### Ultra Clear® Noise Reduction Circuit

Reduces background noise - reception is superior to  
conventional cordless telephones.

### Hold with Extension Release

Place a call on hold and automatically release it  
when picking up another phone connected to the  
same line.

### Call Timer
