**CASIO****PHONE MATE**

**900 MHz**  
*Cordless Phone*  
WITH  
*Call Waiting*  
*Caller ID\**

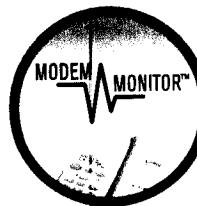

**900 MHz Clarity &  
Extended Range**

Analog 900 MHz transmission provides extended range, clearer calls & higher overall performance than conventional cordless telephones.

**Call Waiting Caller ID\* Display**

Stores and displays up to 50 Call Waiting Caller ID records, including names, numbers, dates and times.

**Modem Monitor™  
Connection Protection**

Modem Monitor™ protects modem or fax connections when a call attempt is made from a phone that includes the Modem Monitor™ feature. It distinguishes between data and standard voice communication and allows for normal telephone conversation.

**New Calls Indicator****Charging Indicator****Line-In-Use Indicator****Modem Monitor™ Indicator****3-Line Display****Talk****Talk/Hold Indicator****Send****Headset Jack****Hold****Scroll****CP-750**

**3-Line Display on Handset**

LCD shows name, number, date, and time of each Caller ID record.

**Display & Dial of Caller ID or Autodial**

Display names and numbers stored in Caller ID or Autodial memory and dial with the press of a button.

**Headset Jack/Belt Clip Included**

2.5mm jack for headset attachment.

**New Calls Indicator**

Display on handset shows a New Call icon and indicates the number of new Caller ID records. Light on base indicates a new Caller ID arrival.

**Wall Mountable with Reversible Handset Charging**

Allows viewing of Caller ID information even if unit is wall mounted.
