

## ***Request for Class II Permissive Change***

{06<sup>th</sup> July 2007}

To: Federal Communications Commission  
7435 Oakland Mills Road  
Columbia, MD 21046-1609

Curtis-Straus LLC TCB  
527 Great Rd  
Littleton, MA 02702

Re: Confidentiality Request

Gentlemen:

This letter is to comply with 47 CFR 2.1043(b)(2) of the rules for Class II Permissive change to our equipment with the FCC ID below. Test data demonstrating compliance of the modified equipment is detailed in this filing.

FCC ID: AB6BTS6000D

Description of changes:

- Introduction of GSM 850MHz frequency band in BTS 6000 Indoor DC.

The GSM 850MHz band has already been introduced in BTS 6000 Outdoor AC (Configuration tested dual band: 850MHz/1900MHz). Additional tests (EMC and RF at extreme temperature) has been done on BTS 6000 Indoor DC (in full 850MHz band) to demonstrate the compliance of the equipment. The introduction of the dual band configuration (850MHz/1900MHz) is done by analysis with the previous submission.

Sincerely,

Vivien GODET
