RE : Class II Permissive Change Certification Application
FCC Tx ID : AB6NT800MFRM
IC ID: 332292158

Dear Sir/Madam

Please accept this application for the class II permissive change certification of the product filed under Part 2 Subpart J, for equipment operating under Part 22 of the regulations of the Federal Communications Commission. The product for which authorization is sought is Nortel Networks' 800MHz MFRM radios.

The main reason for Nortel Networks to file a class II permissive change for the radio with FCC ID AB6NT800MFRM is to support *1xEV-DO IS856 Carrier*.

The 1xEV-DO carriers have been tested with two versions of PAs (old version and a cost reduced version) which were tested for IS95 carriers before under the same AB6NT800MFRM FCC ID. The latest tests were done to ensure the radios can meet FCC Part 2 and 22 requirements with 1xEV-DO carriers.

All detailed information is included in the respective exhibits as required by the Rules. Please find the following attached exhibits:

- EXHIBIT 1: Application
- EXHIBIT 2: Test report summary for MFRM with DOM
- EXHIBIT 2A: CE Test Report#1 Provided by Nortel Networks
- EXHIBIT 2B: CE Test Report#2 Provided by Nortel Networks
- EXHIBIT 2C: RE Test Report Provided by Sanmina-SCI
- EXHIBIT 3: Technical Description
- EXHIBIT 4: Transmit Label Information
- EXHIBIT 5: External Photos
- EXHIBIT 6: Internal Photos
- EXHIBIT 7: Test Setup Photo
- EXHIBIT 8: Schematics
- EXHIBIT 9: Parts Lists
- EXHIBIT 10: RF Exposure Guidelines for PCS and Cellular
- EXHIBIT 11: User Manual

Please contact me for further information if necessary. Thank you for your attention to these matters.

Important: Please see attached request for confidentiality.

Sincerely,

Signature
