RE : Class II Permissive Change Certification Application  
FCC ID : AB6NTL100AA

Dear Sir/Madam

Please accept this application for the class II permissive change certification of the product filed under Part 2 Subpart J, for equipment operating under Part 22 of the regulations of the Federal Communications Commission. The product for which authorization is sought is Nortel Networks' 800MHz DMU Dual Module Urban Indoor/Outdoor Configuration.

The design modification made on the DMU that requires for the class II permissive change application is to modify the outdoor enclosure configuration to indoor rack configuration. The Tx chain of the DMU for the outdoor enclosure configuration is identical to that for the indoor rack configuration.

All detailed information is included in the respective exhibits as required by the Rules. Please find the following attached exhibits:
