| <b><u>EXHIBIT</u></b> | <b><u>DESCRIPTION</u></b>   |
|-----------------------|---|
| C1-1                  | External Top View of Base Radio   |
| C1-2                  | External Front/Connector View of Base Radio                             |
| C1-3                  | External Top View of Base Radio, Top Cover Removed                      |
| C1-4                  | External Top Cover Inside View / Display Board                          |
| C1-4                  | FCC / IC Identification Label   |
|                       |   |
| C2-1                  | Internal – Modem Module Top View  |
| C2-2                  | Internal – Modem Module Top View, Shields Removed                       |
| C2-3                  | Internal – Modem Module Bottom View                                     |
| C2-4                  | Internal – Modem Module Bottom View, Shields Removed                    |
|                       |   |
| C3-1                  | Test Setup – Motorola Solutions General Performance Test                |
| C3-2                  | Test Setup – Motorola Solutions TX Conducted Spurious Emissions         |
| C3-3                  | Test Setup – Motorola Solutions TX Conducted Harmonic Emissions         |
| C3-4                  | Test Setup – Elite Engineering Radiated Measurements Test Setup Diagram |
| C3-5                  | Test Setup – Elite Engineering Radiated Measurement UUT Configuration   |
| C3-6                  | Test Setup – Elite Engineering Radiated Measurements 30MHz – 1GHz       |
| C3-7                  | Test Setup – Elite Engineering Radiated Measurements Above 1GHz         |
