Re: Class II Permissive Change Application for Panasonic Single Modular Model WW16A under
FCC ID: ACJ9TGWW16D / Certified Under FCC Parts 22H, 24E, 27 and 90
For Installation within Panasonic Personal Computer Model FZ-G1 (mk5 series)

To whom it may concern:

Pursuant to CFR§ 2.1043, Panasonic Corporation of North America hereby requests a Class II Permissive Change for its application with FCC ID: ACJ9TGWW16D, which was granted by UL Japan, Inc.

This authorization only covers the Class II permissive change application for the following changes:

- Mobile to Portable Classification due to Installation into Panasonic PC (Model: FZ-G1)
- This module used in the Host PC FZ-G1 has the power reduction mode which is specially programmed and tuned to operate at a lower power setting than the original maximum power to ensure that the output power does not exceed the targets described in the SAR report.
- Collocation with Wireless Module Model: WL16A with pre-existing FCC ID: ACJ9TGWL16A, whose SAR test data is included in this application.
- The Host PC FZ-G1 doesn't support LTE band 30 which is disabled at the factory.
- No other radio parameters have been changed.

Sincerely,

Ben Botros
Project Manager
Panasonic Corporation of North America
Product Safety & Compliance Department
