Re: Original Certification Application for Digital Wireless Stereo Headphones, Model RP-BTD5
FCC ID: ACJ-RP-BTD5

To Whom It May Concern:

In accordance with provisions of Sections 0.457 and 0.459 of the Commission's Rules and Section 552(b)(4) of the Freedom of Information Act, we request permanent confidentiality for the below indicated exhibits. These exhibits contain proprietary, confidential and/or trade secret materials, which would not be routinely made available for public inspection.

- Schematic Diagram
- Block Diagram
- Parts List
- Theory of Operation

In accordance with FCC Public DA 04-1705, we request 45 days short-term confidentiality, starting from the issuance of equipment authorization date, for the below indicated exhibits. These exhibits contain pre-market information, which could give our competitors unfair advantage should this information be released before this product is actually introduced into the common marketplace.

- External Photographs
- Internal Photographs
- Test Setup Photographs
- User Manual

The above materials contain trade secrets and proprietary information not customarily released to the general public. Since this design is a basis from which future technological products will evolve, the public disclosure of these materials can be harmful to the Applicant by providing unfair advantage and benefits to its competitors. Thank you for your attention to this matter.

Panasonic declares that we will provide appropriate notice to UL should either of the following occur.

- If we require additional 45 day extension period, we will notify with a new request letter at least seven days prior to the short-term confidentiality expiration date (up to a maximum of 3 extensions), or
- We will notify UL in the event the information regarding the product or the product is made available to the public. UL will then release the documents listed above for public disclosure

Authorized by,

Richard Mullen
Group Manager
Panasonic Corporation of North America
Product Safety & Compliance Department
