Technical Description

November 6, 2000

Transmitter

The V-KEYFOB is a hand held 2 button wireless transmitter remote control device with an integral antenna. It's dimensions are 2' x 1 3/8" x 1 1/8". There are 5 command outputs. Power is from an enclosed 12V alkaline battery. A red visual indicator shows activation.

It is compatible with its dedicated receiver 1WAYRCVD.

Receiver 1WAYRCVD

It operates from 12VDC and supports the use of two V-KEYFOB transmitters. The five outputs from the receiver comprise of three sets of relay contacts and two logical voltage outputs.
