RE: Correction of FCC ID

Dear Sir or Madam:

I have filed form 731 (confirmation # EA98981) for a change in FCC ID for our Equipment FRS-1000A (RSB-0071). I believe that all exhibits should be on record under FCC ID Grant ADB9ZWRTR067 Grant date 04/02/99. I have submitted one additional exhibit (FCC label drawing) for your review. There has been no change in equipment functionality or operation, we only want to change the FCC ID number as there was a typo on our original application.

If you have any further questions regarding this issue please feel free to contact me directly.

Sincerely,

Shane Ryan
