Request for Confidentiality

## Gentlemen:

In accordance with 0.459 of CFR 47, SANYO Electric Co., Ltd. hereby requests confidentiality of the Block Diagram (Attachment I), Parts list, Adjustment procedure and Schematic Diagrams (Attachment J) in the attached test report.

These documents contain detailed system and equipment description and related information about the product which Sanyo Electric Co., Ltd. considers to be proprietary, confidential, and a custom design and, otherwise, would not release to the general public. Since this design is a basis from which future technological products will evolve, Sanyo Corporation considers this information to be of benefit to its competitors, and that the disclosure of the information in these documents would give competitors an unfair advantage in the market.

Sincerely,

Hiromu Tokumatsu

Senior Manager Telecom company

In re: SANYO Electric Co., Ltd.

FCC ID: SCP-83H

Request for Short-Term Confidentiality

To Whom It May Concern:

In accordance with 0.457 and 0.459 of CFR 47, SANYO Electric Co., Ltd. Requests Short-term confidentiality for the test setup photos, external photos, internal photos, and user's manual of attached test report.

These documents contain detailed system and equipment descriptions and related information about the product, which SANYO Electric Co., Ltd. Considers to be proprietary, confidential, and a custom design and otherwise, would not release to the general public. Since this design is basis from which future technological products will evolve, SANYO feels that this information would be of benefit to its competitors, and that the disclosure of the information in these documents would give our competitors an unfair advantage in the market.

Sincerely,

Hiromu Tokumatsu

FCC ID: AEZSCP-83H

FCC E911 Requirements Per §22.921

## Gentlemen:

Sanyo Electric Co., Ltd. hereby certifies that the cellular telephone (FCC ID: AEZSCP-83H), using the Automatic A/B Roaming -Intelligent Retry method, meets the E911 requirements specified in Section 22.921 of the FCC Rules. This procedure recognizes when a "9-1-1" call is made and, at such time, will override any programming in the mobile unit that determines the handling of a non-911 call and permit the call to be handled by other analog carriers.

Should you have any questions or comments concerning the above, please contact the undersigned.

Hiromu Tokumatsu

Senior Manager, Telecom company
