To Whom It May Concern

Subject: FCC Part 90 Letter

Applicant: Icom Incorporated
Product: UHF transceiver with LTE
Model: IP740D
FCC ID: AFJ418001

Dear Sir/Madam,

This equipment meets the requirements of the FCC Rules, Parts 90.203(e) and (g), as applicable.

Since end user does not permit operating outside of part 90 bands for non-federal use, programming part 90 frequencies can be performed ONLY by the manufacturer or by maintenance personal.

Icom ensure that non-federal operator cannot access radio programming tools so that they cannot program transmit frequencies using the equipment's external operation controls.

Best regards

Icom Incorporated
