

Serial Seal

The serial seal is a rectangular label with rounded corners, featuring a black background with white text and icons. It is enclosed in a thin red border. The top left corner contains the ICOM logo, and the top right corner displays the model number. A Bluetooth symbol is positioned below the logo. A central warning section includes a radiation symbol and a detailed text warning. The bottom of the seal identifies the manufacturer as Icom Inc. and states 'MADE IN JAPAN'. Below this, the text 'SERIAL NO.' is followed by a standard 1D barcode.

ICOM _____ **Model:IP-M60**

ATTENTION! Restricted to occupational use to satisfy FCC RF exposure limits. See user manual for operating requirements. This device complies with part 15 of the FCC Rules. Operation is subject to the condition that this device does not cause harmful interference.
