A black, ruggedized mobile phone is shown vertically. The phone has a textured, rubberized finish. At the top, there is a black antenna with a protective cap. Below the antenna is a small, rectangular display screen. The phone has several buttons on the left side, including a power button and a volume rocker. A warning label is affixed to the front of the phone, oriented vertically. The label contains the following text: "WARNING: Modification of this device to receive cellular radiotelephone service signals is prohibited under FCC and Federal law." The phone is set against a plain white background.

**WARNING: Modification of this device to receive cellular radiotelephone service signals is prohibited under FCC and Federal law.**
