This equipment has been tested in accordance with the requirements contained in the appropriate Commission regulations. To the best of my knowledge, these tests were performed using measurement procedures consistent with industry or Commission standards and the results demonstrate that the equipment complies with the appropriate standards.

Each unit manufactured, imported, or marketed as defined in the Commission's regulations will conform to the samples tested within the variations that can be expected due to quantity production and testing on a statistical basis. All units, however, will comply with the appropriate standards.

I further certify that the necessary measurements were made at the facilities of RITRON, Inc., either by myself or, by a qualified individual under my direct supervision.
