Re: Permissive Change to AIERIT23-450

To Whom It May Concern,

Pursuant of FCC Part 2.1043(b)(2), Ritron, Inc. requests a permissive change of adding Part 95(a) to the existing Certificate of the following equipment.

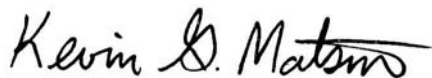

<u>FCC ID</u>	<u>Original Grant Date</u>
AIERIT23-450	12/23/2005

The original Test Report that is on file contains all the information pertinent to the tests required for Part 95(a). The results show that the unit does meet the compliance for Part 95(a).

The following documents are included with the request:

- Completed FCC Form 731.
