

Exhibit C – Installation and Operation Manuals

Rockwell Collins does not supply operating instructions with the TTR-921 which is designed to meet the requirements of RTCA Specification DO-185A and is operated by trained pilots as a part of air transport aircraft systems. Rockwell Collins does produce a Component Maintenance Manual, Part Number 12-40-69, which, pursuant to an agreement with FCC staff, is available upon request but is not included in this electronic exhibit.
