Re: Equipment Authorization Under Part 87
Certification
SRT-2000 INMARSAT AERO-I Transceiver
FCC ID: AJK8221349

Gentlemen:

In accordance with the provisions of 47 CFR 0.459 and 0.457(d)(2)(I), Rockwell Collins, Inc. hereby request that Exhibit 4 – Tune Up Procedures and Exhibit 5 – Schematics and Circuit Diagrams of our Application for Equipment Certification for SRT-2000 Satellite Receiver/Transmitter be withheld from public inspection. This application was electronically filed on July 1, 1999 and corresponds to Confirmation Number EA94716 and FCC ID AJK8221349. Exhibit 4 and 5 contain confidential commercial information or technical data customarily guarded from competitors and is, therefore, exempt from disclosure under Exemption 4 of the Freedom of Information Act [5 USC 522(b)(4)] because disclosure could reasonably be expected to cause substantial competitive harm.

Please note that Exhibit 5 (Schematics and Circuit Diagrams) was broken into six electronic files labeled Exhibit 5a – f in order to overcome technical difficulties in uploading Exhibit 5 to the OET Laboratory Electronic Filing Site. We seek to confidential treatment for all of the schematics submitted under Exhibit 5.

Your early consideration of the Application is respectfully requested. Please direct all inquiries to Mr. Brett Wilson of this office at (703) 516-8223.

Respectfully submitted,

Linda C. Sadler
Director, Governmental & Regulatory Affairs
