Re: Equipment Authorization Under Part 87- Request for Confidentiality  
**HST-2120B Aeronautical Satellite Communications Transceiver**  
**FCC ID: AJK8222234**

Gentlemen:

In accordance with provisions of Federal Communications Commission (FCC) Rules and Regulations, Parts 0.459 and 0.457(d)(2), Rockwell Collins hereby requests that exhibits E1 and E2 (Schematic Diagrams), I (Internal Photos), and J (Tune-Up Procedure/Parts List) for Equipment Certification of the HST-2120B Aeronautical Satellite Communications Transceiver be withheld from public inspection. The FCC ID is: AJK8222234.

Exhibits E1 and E2 (Schematic Diagrams), I (Internal Photos), and J (Tune-Up Procedure/Parts List) have information concerning signal processing methods and also methods used for alignment and adjustment of tolerances of spectrum for the equipment. The information is confidential and is customarily guarded from competitors. If a competitor were to obtain this information, it could use the information to reverse engineer the HST-2120B. As a result, the FCC should protect this information from public disclosure under Exemption 4 of the Freedom of Information Act (5 U.S.C. § 552(b)(4)) because disclosing the information could reasonably be expected to cause substantial competitive harm to Rockwell Collins Inc.

Please direct all inquiries to Mr. John Giff of this office at 703.516.8213.

Respectfully submitted,

John F. Provenzano  
Senior Director, Federal Affairs
