Re: Equipment Authorization Under Part 15 - Request for Confidentiality
UMTS-2100: GSM/UMTS Cellular Unit
FCC ID: AJK8222635

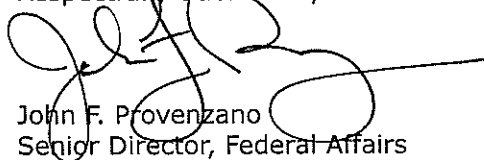

Gentlemen:

In accordance with provisions of Federal Communications Commission (FCC) Rules and Regulations, Parts 0.459 and 0.457(d)(2), Rockwell Collins hereby requests that exhibits D (Block Diagrams), E (Schematic Diagrams), J (Tune-Up Procedure/Parts List), and L (Operational Description) for Equipment Certification of the UMTS-2100 GSM/UMTS Cellular Unit (**FCC ID: AJK8222635**) be withheld from public inspection.

Exhibits D (Block Diagrams), E (Schematic Diagrams), J (Tune-Up Procedure/Parts List), and L (Operational Description) have information concerning signal processing methods and also methods used for alignment and adjustment of tolerances of spectrum for the equipment. The information is confidential and is customarily guarded from competitors. If a competitor were to obtain this information, it could, among other uses, use the information to reverse engineer the UMTS-2100. The FCC is therefore requested to protect this information from public disclosure under Exemption 4 of the Freedom of Information Act (5 U.S.C. § 552).

Please direct all inquiries to Mr. John Giff of this office at (703) 516-8213.

Respectfully Submitted,

John F. Provenzano
