Dear Mr Leimer:

We have reviewed the request from Rockwell Collins for Type Acceptance of the DME-4000 Communications Transceiver. Our Office has reviewed the technical data for this transceiver and the equipment's performance is consistent with the spectrum requirements of Radio Technical Commission for Aeronautics Document NO. RTCA/DO-189. We have no objection to the certification of this device.

If you require any additional information, please contact Ms. Margarete Ebate, Spectrum Planning and International Division, at (202) 493-5195.

Sincerely,
