

## Request for Class II Permissive Change

February 22, 2023

UL Verification Services Inc.  
47173 Benicia Street, Fremont, CA 94538

FCC ID : AK8M21DAU1  
Applicant : Sony Group Corporation

To Whom It May Concern:

This is to request a Class II permissive change for FCC ID: AK8M21DAU1, granted on 03/30/2022. We changed the following points from the original model.

- Add 4 models of antenna
  1. PIFA antenna(ANTS2M2-CSG05) for ANT1 and ANT2
  2. PIFA antenna(L34RF078) for ANT1 and ANT2
  3. IFA antenna(Type\_51-301) for ANT3
  4. IFA antenna(Type\_51-401) for ANT4

For DTS(WLAN), antenna model number was changed but type, gain and characteristics were not changed or increased from original grant of certification, therefore we judged them as Class I permissive change.

Meanwhile we submit the following documents related to this change. There is no change before and after change except for these documents.

<input checked="" type="checkbox"/>	Test Report (DSS, DTS(BLE), NII, AUT)
<input checked="" type="checkbox"/>	RF Exposure
<input checked="" type="checkbox"/>	External Photo
<input type="checkbox"/>	Internal Photo
<input type="checkbox"/>	User Manual
<input type="checkbox"/>	Label Drawing/ Location
<input type="checkbox"/>	Block Diagram
<input checked="" type="checkbox"/>	Specification
<input type="checkbox"/>	Schematic Diagram
<input type="checkbox"/>	Parts List

This time, we performed the testing and confirmed that this product still meets the minimum requirements of the applicable rules of FCC. Please refer to the test report submitted with this application.

Thank you for your attention to this matter.

Sincerely,

Miho Nakamura  
Sony Interactive Entertainment Inc.
