

March 2, 2009

Dear Application Examiner:

Plantronics Inc is submitting this application for the certification of their Model .Audio 995H transmitter, FCC ID: AL8-995H. It is a wireless headset that operates in the 2.4 GHz band and is seeking authorization under FCC 15.247 as a DTS device.

It is a battery-operated device that charges when connected to a USB port. Please note that there are no data lines that connect the headset to a PC through the USB port. Only power and ground are connected since the port is only used for charging. Therefore, the wireless headset is not subject to DoC authorization.

The radio utilizes PCB mounted chip antennas that are not user accessible. This configuration satisfies the requirements of 47 CFR 15.203.

Your efforts in reviewing this application are greatly appreciated.

Best regards,

Peter Clark
Compliance Manager
