

ro Simbolul pubelă dublu barată denotă faptul că echipamentele electrice și electronice și bateriile nu trebuie aruncate ca gunoi menajer nesortat, ci trebuie colectate separat. Pentru informații mai detaliate, vizitați plantronics.com.

ru Значок зачеркнутого мусорного бака указывает на то, что использованное электрическое и электронное оборудование, а также элементы питания не должны утилизироваться вместе с неотсортированными бытовыми отходами; утилизация данного вида отходов должна производиться отдельно от других отходов. Для получения дополнительной информации посетите веб-сайт plantronics.com.

sk Symbol prečiarknutého odpadového kontajnera na kolieskach označuje, že odpadové elektrické a elektronické zariadenia a batérie sa nesmú likvidovať spolu s iným netriedeným komunálnym odpadom, ale musia sa zhromažďovať samostatne. Podrobnejšie informácie nájdete na webovej stránke plantronics.com.

sl Simbol prečrtanega smetnjaka pomeni, da odpadne električne in elektronske opreme ter baterij ni dovoljeno odlagati kot nerazvrščene komunalne odpadke, ampak jih je treba zbirati ločeno. Za podrobnejše informacije obiščite spletno stran plantronics.com.

sv Den överkorsade soptunnan innebär att elektriskt och elektroniskt avfall och batterier inte får kasseras med osorterat hushållsavfall, utan ska samlas in separat enligt lokala lagar och förordningar. Mer detaljerad information finns på plantronics.com.

tr Üzerine çarpı işaretli çizilmiş bir çöp konteyneri simgesi, elektrikli ve elektronik ekipman atıklarının ve pillerin ev çöpleriyle birlikte atılmaması ve ayrı olarak toplan-ması gerektiğini belirtir. Daha ayrıntılı bilgi için plantronics.com adresini ziyaret edin.

Energy efficiency – EuP framework Directive 2005/32/EC and implementing measure 1275/2008 incorporating commission regulation 801/2013:

Once the headset battery is fully charged the product enters a networked standby mode. The period of time taken to enter this mode depends on how long the battery takes to fully charge. In networked standby mode the product consumes 0.687 Watts. The wireless network port(s) of this product are designed to be always active.

FCC Regulatory Information

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.

Declaration of Conformity

We Plantronics Inc., 345 Encinal Street Santa Cruz, California, 95060 USA (800) 544-4660 declare under our sole responsibility that the products **Voyager Focus 2/Voyager Focus 2 UC/Voyager Focus 2 Office/BT700/BT700C** complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no

guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to

try to correct the interference by one or more of the following measures:

1. Reorient or relocate the receiving antenna.
2. Increase the separation between the equipment and receiver.
3. Connect the equipment into an outlet on another circuit.
4. Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Exposure to RF Radiation

The internal wireless radio operates within the guidelines found in radio frequency safety standards and recommendations, which reflect the consensus of the scientific community. Independent studies have shown that the internal wireless radio is safe for use by consumers. Visit plantronics.com for more information. In order to comply with FCC and IC RF Exposure requirements, the base must be installed and operated such that a minimum separation distance of 20 cm is maintained between the base and all persons during normal operation.

NOTE: Modifications not expressly approved by Plantronics, Inc. could void the user's authority to operate the equipment.

Part 68

This equipment complies with Part 68 of the FCC rules and the requirements adopted by the ACTA. On this equipment is a label that contains, among other information, a product identifier in the format US:AAAEQ##TXXXX. If requested, this number must be provided to the telephone company.

A plug and jack used to connect this equipment to the premises wiring and telephone network must comply with the applicable FCC Part 68 rules and requirements adopted by the ACTA. A compliant telephone cord and modular plug is provided with this product. It is designed to be connected to a compatible modular jack that is also compliant. See installation instructions for details.

The REN is used to determine the number of devices that may be connected to a telephone line. Excessive RENs on a telephone line may result in the devices not ringing in response to an incoming call. In most but not all areas, the sum of RENs should not exceed five (5.0). To be certain of the number of devices that may be connected to a line, as determined by the total RENs, contact the local telephone company. For products approved after July 23, 2001, the REN for this product is part of the product identifier that has the format US: AAAEQ##TXXXX. The digits represented by ## are the REN without the decimal point (e.g., 03 is an REN of 0.3). For earlier products, the REN is separately shown on the label.

If this equipment causes harm to the telephone network, the telephone company will notify you in advance that temporary discontinuance of service may be required. But if advance notice isn't practical, the

telephone company will notify the customer as soon as possible. Also, you will be advised of your right to file a complaint with the FCC if you believe it is necessary.

The telephone company may make changes in its facilities, equipment, operations or procedures that could affect the operation of the equipment. If this happens the telephone company will provide advance notice in order for you to make the necessary modifications to maintain uninterrupted service.

If trouble is experienced with this equipment, for repair or warranty information, please contact Plantronics, Inc in the U.S.A. at 800) 544-4660 x5538.

If the equipment is causing harm to the telephone network, the telephone company may request that you disconnect the equipment until the problem is resolved. Connection to party line service is subject to state tariffs. Contact the state public utility commissions, public service commission or corporations commission for information. If your home has specially wired alarm equipment connected to the telephone line, ensure the installation of this equipment does not disable your alarm equipment. If you have questions about what will disable alarm equipment, consult your telephone company or a qualified installer. This equipment is hearing aid compatible. This equipment does not contain any user serviceable components.

CAN ICES-3 (B)/NMB-3 (B)

This device complies with ISED licence-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference,

including interference that may cause undesired operation of the device. Le présent appareil est conforme aux CNR d'ISDE applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

This equipment complies with ISED radiation exposure limits set forth for an uncontrolled environment. Cet équipement est conforme aux limites d'exposition de radiation ISDE énoncés pour un environnement non contrôlé.

ISED Regulatory Information

The Ringer Equivalence Number is an indication of the maximum number of devices allowed to be connected to a telephone interface. The termination on an interface may consist of any combination of devices subject only to the requirement that the sum of the RENs of all the devices does not exceed five/L'indice d'équivalence de la sonnerie (IES) sert à indiquer le nombre maximal de terminaux qui peuvent être raccordés à une interface téléphonique.

La terminaison d'une interface peut consister en une combinaison quelconque de dispositifs, à la seule condition que la somme d'indices d'équivalence de la sonnerie de tous les dispositifs n'exécède pas 5.
