WEARING THE HEADPHONES

Wearing the headphones correctly will ensure the most comfortable and secure fit.

Step 1:

Zip tight seal between earbud and ear canal to deliver great sound and bass. Three sizes of earbuds, single-flange and double flange earbuds are included to help you achieve the best fit. We recommend trying all of them and selecting the ones with the best sound and comfort for your ears.

Step 2:

The soft silicone wings gently lock into the bowl of the wearer's ears.

Step 3:

Adjust the cable cinch to reduce cable slack for a more secure and comfortable fit.

Step 4:

Adjust the cable cinch to reduce cable slack for a more secure and comfortable fit.

Step 5:

Adjust the cable cinch to reduce cable slack for a more secure and comfortable fit.

Step 6:

Adjust the cable cinch to reduce cable slack for a more secure and comfortable fit.

Step 7:

Adjust the cable cinch to reduce cable slack for a more secure and comfortable fit.

Step 8:

Adjust the cable cinch to reduce cable slack for a more secure and comfortable fit.

Step 9:

Adjust the cable cinch to reduce cable slack for a more secure and comfortable fit.

Step 10:

Adjust the cable cinch to reduce cable slack for a more secure and comfortable fit.

Step 11:

Adjust the cable cinch to reduce cable slack for a more secure and comfortable fit.

Step 12:

Adjust the cable cinch to reduce cable slack for a more secure and comfortable fit.

Step 13:

Adjust the cable cinch to reduce cable slack for a more secure and comfortable fit.

Step 14:

Adjust the cable cinch to reduce cable slack for a more secure and comfortable fit.

Step 15:

Adjust the cable cinch to reduce cable slack for a more secure and comfortable fit.

Step 16:

Adjust the cable cinch to reduce cable slack for a more secure and comfortable fit.

Step 17:

Adjust the cable cinch to reduce cable slack for a more secure and comfortable fit.

Step 18:

Adjust the cable cinch to reduce cable slack for a more secure and comfortable fit.

Step 19:

Adjust the cable cinch to reduce cable slack for a more secure and comfortable fit.

Step 20:

Adjust the cable cinch to reduce cable slack for a more secure and comfortable fit.

Step 21:

Adjust the cable cinch to reduce cable slack for a more secure and comfortable fit.

Step 22:

Adjust the cable cinch to reduce cable slack for a more secure and comfortable fit.

Step 23:

Adjust the cable cinch to reduce cable slack for a more secure and comfortable fit.

Step 24:

Adjust the cable cinch to reduce cable slack for a more secure and comfortable fit.

Step 25:

Adjust the cable cinch to reduce cable slack for a more secure and comfortable fit.

Step 26:

Adjust the cable cinch to reduce cable slack for a more secure and comfortable fit.

Step 27:

Adjust the cable cinch to reduce cable slack for a more secure and comfortable fit.

Step 28:

Adjust the cable cinch to reduce cable slack for a more secure and comfortable fit.

Step 29:

Adjust the cable cinch to reduce cable slack for a more secure and comfortable fit.

Step 30:

Adjust the cable cinch to reduce cable slack for a more secure and comfortable fit.

Step 31:

Adjust the cable cinch to reduce cable slack for a more secure and comfortable fit.

Step 32:

Adjust the cable cinch to reduce cable slack for a more secure and comfortable fit.

Step 33:

Adjust the cable cinch to reduce cable slack for a more secure and comfortable fit.

Step 34:

Adjust the cable cinch to reduce cable slack for a more secure and comfortable fit.

Step 35:

Adjust the cable cinch to reduce cable slack for a more secure and comfortable fit.

Step 36:

Adjust the cable cinch to reduce cable slack for a more secure and comfortable fit.

Step 37:

Adjust the cable cinch to reduce cable slack for a more secure and comfortable fit.

Step 38:

Adjust the cable cinch to reduce cable slack for a more secure and comfortable fit.

Step 39:

Adjust the cable cinch to reduce cable slack for a more secure and comfortable fit.

Step 40:

Adjust the cable cinch to reduce cable slack for a more secure and comfortable fit.

CHARGING
