CHARGING

When Charging:
LED Indicator Light turns on in red when charging.

When Fully Charged:
The red LED Indicator Light turns off, and the blue LED Indicator Light turns on.
● If no pairing/connection is active for a period of time (approximately 10 minutes), the speaker will turn off automatically.

FM CHANNEL SEARCH

Before searching for an FM channel, please plug in a 3.5mm audio cable or a 3.5mm audio earphone into the Audio Line In Port to act as the external antenna. You can mute and unmute the FM sounds by short pressing the (1) Multifunction Button.

ENERGY SAVING FEATURE

The Trivox speaker will turn off automatically if it is inactive for 10 minutes to save energy.

TECH SPEC

GENERAL SPECIFICATION

- Model Name: Trivox
- Total Speaker Power Output (Max @100 Hz): 8W
- Transducer: 1 x 50mm full-range speaker driver + 1 x 35x58mm bass radiator
- Operating Temperature: 0 °C ~ 45 °C
- Lithium Battery: 3.7V, 1800mAh
- Battery Charge Time: About 2 hours
- Music Play Time: up to 6 hours (@ 50% volume)
- Waterproof Rating: IPX6

AUDIO SPECIFICATION

- Frequency Response: 20Hz-20KHz (-5dB)
- Audio Modes: Bluetooth, Audio Line In, Micro SD Card, FM

USB SPECIFICATION

- USB Input Port: USB C
- USB Input Rating: DC 5V / 1A. Max

- Bluetooth Frequency Range: 2.402GHz - 2.480GHz
- Bluetooth Output Power: 10 dBm (Max.)
- Communication Distance: About 10 Meters

DIMENSIONS

- Product Dimensions (W x H x D): 101 x 69 x 87mm (3.98" x 3.18" x 3.42")
- Product Weight: 0.373kg (0.82 lbs)

GUARANTEE

Jabees is a registered trademark of FreeTak International Co., Ltd. Other brands and product names are trademarks of their respective owners. Jabees warrants this product against all defects in material and workmanship for a period of twelve (12) months from the date of original purchase of the product. The conditions of this guarantee and the extent of responsibility of Jabees under this guarantee can be read in the Warranty Card.

WARNINGS

Permanent hearing loss may result from long-term exposure to sound at high volumes. Use at low volume as possible and avoid prolonged use of the earphone/speaker at excessive sound pressure levels. Please read the safety guidelines below prior to using the safety guidelines below prior to using this product.
(Prior to using this product follow these steps)
1. Please turn the volume control to its lower level.
2. Then slowly adjust the volume control to a comfortable level.
(During the use of this product)
1. Keep the volume at the lowest level as possible.
2. If increased volume is necessary, adjust the volume control slowly.
3. If you experience discomfort or ringing in your ears, immediately discontinue using the product.
With continued use at high volume, your ears may become accustomed to the sound level, which may result in permanent damage to your hearing without any noticeable discomfort.

SAFETY INFORMATION!

1. If you have a cardiac pacemaker or other electronic medical equipment, you should consult your physician before using this product.
2. This product contains small parts that may be hazardous to children. Keep out of the reach of children. The bags themselves or the many small parts they contain may cause choking if ingested.
3. Never attempt to disassemble the product yourself, or push other objects into this product, as this may cause a short circuit, which could lead to the fire or get an electric shock.
4. None of the components can be replaced or repaired by users. Only authorized dealers or service centers may open the product.
5. If any parts of your product require replacement for any reason, including normal wear and tear or breakage, please contact your dealer.
6. If the product overheats, has been dropped or damaged or has been dropped in a liquid, discontinue use.

REMEMBER

Be sure to ensure safe driving, avoid distractions and follow local laws.

FCC Warning Statement:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

The device has been evaluated to meet general RF exposure requirement.
