Date: December 12, 2001

Attention: Joe Dichoso  
Applicant: Kenwood Communications Corp.  
FCC ID: ALH33293110 EA102753  
Correspondence: 21453

Item 1) Please find specific sections 22.563, 74.402, 74.431, 90.35, 90.20, 95.639, 95.621.

2) Please find amended page 8 of the Test Report showing 1.57 watts (as is listed on the Form 731).

3) R.F. Safety information in manual corrections: a) Face-Held should be 2.5 cm separation distance; 2) Body-worn should be 1.0 separation distance; 3) Indication that device is for Occupational use only.

4) Warning label and training information for Occupational use:

CAUTION: See User and Installer Instructions regarding FCC RF Exposure Limits.
--

To be placed in Manual:

WARNING: This radio has been tested and complies with the FCC RF Exposure Limits for Occupational use and work -related operations, where the operator must have knowledge to control RF Exposure Conditions. When transmitting, hold the radio in a vertical position at a distance of 2.5 cm from the mouth and at least 1.5 cm from the head and body. Do not transmit more than 50% of the duty cycle. Transmitting for more than 50 % of the duty cycle can cause the FCC RF Exposure limits to be exceeded. Use only Kenwood authorized accessories.
--

5) and 6) Please see cover letter and amended SAR Report.

We trust this meets the requirements of the Commission and the Grant will be issued.

Regards,

Morton Flom, P. Eng.
