

FCC ID: ALH378501

IC ID: 282D-378501

CT Project: TCB-p1390006

From: John Erhard

Date: December 26, 2013

1. This filing is for a new antenna type. This is an accessory and the manufacturer's documentation which contains this list needs to be updated for this filing. Please provide this list.

CT – Per Kenwood the User's Manual does not contain an accessory listing; therefore an updated User's Manual will not need to be provided.

2. Please provide either an RSS-119 specific test report or a cross reference to the FCC Part 90 report.

CT – RSS-119 Cross Reference sheet has been provided.
