Re: Kenwood NX-210-K2
FCC ID: ALH-423500
Parts 22, 90 & 74

To Whom It May Concern,

Kenwood markets Land Mobile Radios through authorized Dealers to industrial or "Controlled" users. These radios are not distributed through "Public" distribution channels. As such, all users are trained for Occupational SAR levels to meet OET 65 requirements. The instructions are included with the Owner's Manual supplied in the box with each radio device.

Thank you,

A handwritten signature in black ink, appearing to read 'Joel Berger', with a large, stylized initial 'J'.
