Re: FCC ID: AMH101003

To Whom It May Concern:

The following application is submitted on behalf of our client, Locus Solutions, LLC, for evaluation of their model Smart Tag for certification under FCC Part 15.247.

The Smart Tag, FCC ID: AMH101003, is a 2.4 GHz transceiver used for the tracking and monitoring of goods during transit. The transceiver gathers the location, temperature and other conditions of the shipment and communicates them via an IEEE 802.15.4 wireless network.

The FCC ID: AMH101003 was tested in full to the aforementioned tests requirements and was found to be in compliance.

Sincerely,

A handwritten signature in black ink that reads "R. Sam Wismer". The signature is written in a cursive, flowing style.

Sam Wismer
