Subject: Class II permissive change Request  
FCC ID: AMUMM300

Granted on: 06/15/2023

To whom may concern:

Pursuant to CRF Section 2.1043, SCR engineers LTD requests a Class II permissive change to update the filing. All of the changes are not effect to the RF performance, function and power.

Change list:

It needs to be explained in detail, such as the following

1. Remove temperature sensor (thermopile) and MCU support component.
2. Remove RGB detector and MCU support component.
3. Remove white led MCU support component.
4. Reduce multi color led indicators from five to one MCU support component.
5. Change model number.

You must provide a comparison between the old and new photos and circle the differences
