Re.: Letter of Explanation for Model BCD396XT Handheld Scanning Receiver Class II Permissive Change

FCC Identifier: AMWUB359

To Whom It May Concern:

Model BCD396XT was submitted to TIMCO for FCC approval under Part 15 and was granted on November 17, 2008 (see TIMCO Job Number 2684UC8).

We would like to add the new receive frequency range of followings by software change applied at production.
The hardware is identical and no change since the original application.

Additional Frequencies: 758.0000 ~ 763.0000 MHz
788.0000 ~ 793.0000 MHz

Uniden wishes to submit this model for FCC Part 15 Certification Class II Permissive Change.

Please contact the undersigned if you have any questions or need any further information regarding this matter.

Regards,
