Re.: Letter of Explanation for Plantronics Model CT14 1.9 GHz UPCS Cordless Telephone Base Unit

FCC Identifier: AMWUC577B

To Whom It May Concern:

Please note that the above referenced cordless telephone base unit is based upon our previously approved model DECT3080 / AMWUC518 base unit, and that was partially investigated for FCC Certification by TIMCO due to the different construction of antenna and performance improvement. Please refer to TIMCO's Job number: 194AUT9 and the test report was issued on March 9, 2009.

Now Uniden wishes to submit this model for FCC Part 15 Certification.

Please contact the undersigned if you have any questions or need any further information regarding this matter.

Regards,

A handwritten signature in blue ink, appearing to read "Jon Suehiro".
