

GENERAL INFORMATION AND ATTESTATION STATEMENT

December 9, 2005

To: Federal Communications Commission

Subject: Data for FCC Certification Application

Applicant: Uniden America Corporation
181 North Country Club Road, P.O. Box 580
Lake City, South Carolina 29560
James R. Haynes, Vice President, Engineering and Regulatory Affairs

TYPE OF EQUIPMENT: 5.8 GHz Cordless Telephone

FCC RULES: Part 15.247

FCC IDENTIFIER: AMWUP758

Dear Sirs and/or Madams:

The accompanying documentation represents our application for Equipment Authorization under FCC Parts 2 and 15. Quantity production is planned.

Both EMC and SAR testing, which is required by the Commission, have been performed by TIMCO Engineering and Celltech Labs respectively. Their reports are included as Exhibits to this application.

The 5.8 GHz cordless telephones, identified as AMWUP758 will be manufactured and marketed under various model numbers, including TRU9460. However, all models will be representative of the test data and specifications included in this application except for cosmetic variations and features not effecting compliance. The production of the models identified as AMWUP758 will be representative of the test data and specifications within the expected tolerances in mass-production.

Please contact the undersigned if you have any questions or need any further information.

Regards,

A handwritten signature in black ink that reads "James R. Haynes". The signature is stylized with a large, looped initial "J".
