SUBJECT: Uniden America Corporation
FCC ID: AMWUT030
Class II Permissive Change (Part 95A/B)
Original Grant Date: April 02, 2007

On behalf of Uniden America Corporation is an application for Class II Permissive Change under Part 95A/B of the Portable FRS/GMRS Push-To-Talk (PTT) Radio Transceiver described below. This device has been tested and complies with the requirements for Class II Permissive Change under FCC Rule Parts 95A/B and 2.1093. The device was re-evaluated for radiated spurious emissions and there was found to be no degradation from the original certification measurements. The RF exposure SAR report for the new model with headset audio connector and accessory is included within this application.

Device Classification:	Part 95 Family Radio Face Held Transmitter (FRF)
Device Description:	Portable FM UHF FRS/GMRS PTT Radio Transceiver
Model Name / No.(s):	GMR1636 (New Model)
Frequency Range(s):	462.5500 - 462.7250 MHz (GMRS Channels 15-22) 462.5625 - 462.7125 MHz (GMRS/FRS Channels 1-7) 467.5625 - 467.7125 MHz (FRS Channel 8-14)
Antenna Type:	Fixed External (Non-detachable)
Class II Permissive Change:	Add Headset Audio Connector (see applicant's cover letter)

Submitted within this application is the TCB Form 731, applicant's authorization letter, applicant's FCC Permissive Change Filing letter, SAR RF Exposure measurement report, FCC ID label and location, internal and external device photographs, block diagram (confidential), schematic diagrams (confidential), circuit description (confidential) and the user manual.

If you have any questions or comments concerning the above, please contact the undersigned.
