RE: Weather radio receiver circuitry -and-  
Part 80.203(b) statement for VHF255 (FCC ID: AMWUT638)

To whom it may concern;

We, Uniden Corporation hereby certified that the weather radio receiver circuitry is identical circuitry with the marine band receiver. Therefore, we applied the weather radio receiver to the verification procedure under FCC Rule Part 15.101.

Regarding the Part 80.203(b) requirement, we, Uniden Corporation also certified that the captioned product is designed to provide for selection of only maritime channels for which the maritime station is authorized.

We, further certify that the captioned product is not having a capability of being programmed by station operators using external controls to transmit on channels other than those programmed by the manufacturer, service or maintenance personnel.
