United States

**SUBJECT: Request to Supersede Exhibits
Uniden America Corporation
FCC ID: AMWUT638
Part 80 - Certification
Part 95A/B – Certification
TCB Grant Date: 03/04/2011**

On behalf of Uniden America Corporation we hereby request to supersede the following exhibits for the subject application:

1. File Name "Uniden VHF255 FCC PT80 Report 022411-R1.2 (012111AMW-T1074-E80V)" – please replace with the resubmitted test report file name "Uniden VHF255 FCC PT80 Report 030711-R1.3 (012111AMW-T1074-E80V)". The reason for the supersede request is for the addition of Section 6.0 (Range of Operating Power - FCC §2.1033c6) added to the test report. In addition, we also request the removal of exhibit file name "Manufacturer Rated Power & Tolerance Spec Attestation", based on this information is included in the revised test report exhibit.
2. File Name "Uniden VHF255 FCC PT95 Report 022411-R1.2 (012111AMW-T1074-E95U)" – please replace with the resubmitted test report file name "Uniden VHF255 FCC PT95 Report 030711-R1.3 (012111AMW-T1074-E95U)". The reason for the supersede request is for the addition of Section 6.0 (Antenna Requirement - FCC §95.647) added to the test report. In addition, we also request the removal of exhibit file name "Uniden Attestation - FCC Rule Part 95.647", based on this information is included in the revised test report exhibit.

If you have any questions or comments concerning the above, please contact the undersigned.

Sincerely,

Jonathan Hughes
Project Manager
Celltech Labs Inc.
