Subject 1)

The sweep speed used during the power spectral density (psd) measurements (Section 15.247(d)) was too fast. Please re-test the psd using the sweep speed specified in Appendix C of FCC R&O 97114, Released April 10, 1997 (sweep = span/3 kHz), and submit new data.

Answer 1)

PSD was re-tested using the sweep speed specified in Appendix C of FCC R&O 97114, Released April 10, 1997. Please find a separate exhibit "PSD\_LEG\_DTS.pdf."

Sincerely, August 28, 2003
