MATTEL
00U0167 4/4/2000

A photograph of a white electronic component, possibly a sensor or actuator, with a label and wires. The component is mounted on a blue surface. A white label with black text is attached to the component. The text on the label reads "MATTEL" in a large, bold, serif font, followed by "00U0167" and "4/4/2000" in a smaller, bold, sans-serif font. Several colored wires (red, blue, black, yellow, green) are connected to the component. A small black component is visible on top of the main component.
