ATTN.: Reviewing Engineer

FCC ID: APIJBLGO4D
IC: 6132A-JBLGO4D
HVIN(s)/Model(s): GO4D

We hereby request C2PC Certification for the above mentioned HVIN(s)/Model(s).

The reason for this request is:

The change under this application as following:
Added Highpower battery (Model: 693140)

There is no RF parameter change to the operating frequency band, rated radiated and conducted output power of the device. This change based on engineering judgment that Radiated Emission (below 1 GHz), Power Line Conducted Emissions and SAR Testing need to test.

Kind regards

Signed

Terry Shi
