## **Declaration of difference**

July 1, 2019

Date:

The product: Portable Bluetooth Speaker

Model No.: PULSE4

FCC ID: APIJBLPULSE4

IC ID: 6132A-JBLPULSE4

Dear Examiner,

There are two kinds of products for two factories in this report, the main PCB of the products, software and hardware versions of the products are different, but the antenna type and RF module are the same, so only radiated emission and Power Line Conducted Emissions were tested respectively and recorded in this report.

I attest that the certified device will not be capable of ad-hoc mode operation outside of the grant conditions.

Sincerely,

*Tim Song*
