

Difference Declaration Letter

We, **Harman International Industries, Inc.** hereby confirm that the differences are listed in below table:

No.	HVIN	PMN	version	Remark
01	TUNE BEAM 2	TUNE BEAM 2	Solid	The solid and Ghost version are same as each other in electronic aspects and shapes of the shell, the difference is only the plastic material, the Ghost version is pellucid plastic, the Solid version is opaque plastic.
02	TUNE BEAM 2	TUNE BEAM 2	Ghost	

Note: 1. Both under FCC ID: APITUNEBEAM2 / IC: 6132A-TUNEBEAM2; 2. Full testing was performed on both left and right earbuds (The left and right earbuds layout are different).

The models are identical in:

- Electronics/electrical designs
- Schematics
- HVIN

The differences are:

- PCB Layout for Left and Right earbuds.
- Plastic material of earbuds, the enclosure is available in solid and ghost colours.
