Family Certification Letter

I hereby request Family Certification for the following model numbers: LMU26G30BT1 and LMU2630GB

There are no differences between the two models except the model number. Both models are electrically identical.

Test report numbers (6_0009_11_6_2a, 2-20795542b/11) for previously approved Cellular Cinterion module certified under IC: 7830A-BGS2 and FCC:QIPBGS2 remains unchanged, valid and representative for this device and the results contained meet the current FCC and IC standards, rules and regulations, and are therefore leveraged for this application.

Sincerely,

Certification Manager
